CONFIRMATION OF UNIVERSITY PARTICIPATION

# STATEMENTS CONFERENCE

## 3 ABOUT PROJECTX

All of the important details pertaining to ProjectX 2021.

## 4 YOUR UNIVERSITY'S INVOLVEMENT

We wish the best of luck to your university team in the ProjectX 2021 competition and hope to see you at the UofT AI Conference in February.

## 5 HOW YOU CAN HELP

Support your university team to attend the UofT AI Conference where the ProjectX 2021 award ceremony will take place.

# ABOUT PROJECTX

## OUR VISION:

Hosted by the University of Toronto Artificial Intelligence Group (UofT AI, [www.uoft.ai](http://www.uoft.ai)), ProjectX is a five month long remote machine learning research competition that will be taking place from September 2021 to January 2022. This year's focus is on Health. We are inviting ~150 undergraduate students (in teams of 3-6 people) with previous research experience from the top 25 universities across North America to participate.

The three sub-foci for the competition this year include:

- [Epidemiology](#)
- [Clinical Practice](#)
- [Genetics](#)

The top team in each of the three focuses will be awarded C\$25,000, and all participants are invited to our annual [UofT AI Conference](#) happening on February 18th and 19th, 2022 in Toronto where the ProjectX award ceremony will take place. For more information about ProjectX 2021, please visit: [www.uoft.ai/projectx-2021](http://www.uoft.ai/projectx-2021).

For information about last year's ProjectX competition and results, please visit: [www.uoft.ai/projectx-2020](http://www.uoft.ai/projectx-2020).

## THIS YEAR'S TIMELINE:

Sep 1st	Competition Starts
Jan 31st	Final deliverables are due
Feb 14th	Winning teams are announced
Feb 18th and 19th	Awards ceremony for winning teams in Toronto and conference

# HOW YOU CAN HELP

## ABOUT THE UOFT AI CONFERENCE:

All participants of ProjectX 2021 are invited to the in-person UofT AI Conference in Toronto on February 18th and 19th, 2022 FREE OF TICKET CHARGE.

The UofT AI Conference will be a two day event, gathering together the brightest minds in artificial intelligence. The goal of the conference is to inspire the next generation of leaders in this field and to kick start the conversation about using machine learning as a force for good. The ProjectX 2021 award ceremony and winning paper presentations will also take place during the conference. Last year's conference speakers included leading researchers Geoffrey Hinton, Anna Lembke, Max Tegmark, and more! For more information about last year's conference, see [www.uoft.ai/conference](http://www.uoft.ai/conference).

## WE NEED YOUR HELP:

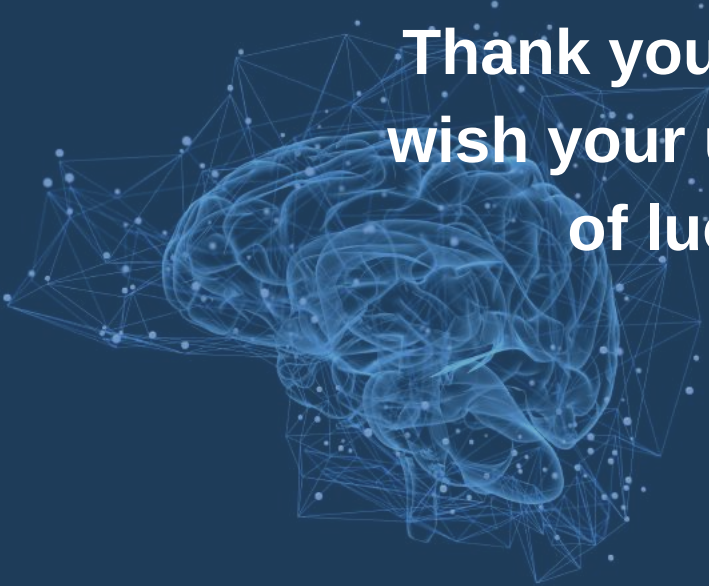

The UofT AI Group is dedicated to assist all students financially to ensure that all students can attend the UofT AI Conference. This is an opportunity for your students to meet top international talents, learn about cutting-edge AI research in Health, and network with leading industry players.

Since the conference will be taking place in-person in the city of Toronto, we understand that travel and overnight housing costs may be an issue for students.

**Hence, we are reaching out to ask all participating universities help cover your team's trip-related costs through your university's relevant Conference/Competition Subsidy Programs to the best of your abilities.**

Feel free to reach out to us for more information or confirm your university's participating students.

We hope to build a long-term partnership with your university and hope to have your university's team compete in our future ProjectX competitions.

**Thank you for your support and we  
wish your university's team the best  
of luck in ProjectX 2021!**
